

# LSTC class of 1969

An addendum to the reunion newsletter published in June of 2009  
(Not an "official" publication of the Lutheran School of Theology at Chicago)

(Editor's note: Highlighted in the reunion newsletter were two of the class' published authors, Dr. John Stumme and Dr. Frank Senn, along with the notation that information about other authors would be included as feedback and follow-up arrived.)

## Dr. Russell Anderson

Dr. Anderson and his wife, Fran, weren't able to attend the class reunion held May 15-17 at LSTC.

In the mid-1990s, Dr. Anderson authored *The Lectionary Preaching Workbook* (A, B, and C cycles). The book is still in print, and it has been reprinted by CSS Publishers as their current edition for the preaching workbook. And this year, he has written a book of short stories and essays in a volume titled, *Faith Life Cross Sections*. It was published through InfinityPublications.com, and can be purchased online at <http://www.buybooksontheweb.com>.

He also has a website at <http://www.faith-life-cross-sections.com> that contains a blog, book excerpts, and photos. The latest book also can be purchased there.
